Premium Quality Haylage ...For Happy Horses

We have been producing and selling big bale haylage for over thirty years. We are now able to produce smaller bags of haylage for those with a lighter requirement. Unlike some bagged haylage, all the grass we produce is used and sold by ourselves. We do not produce for any other company.

As we are in control of the whole process, it allows us to produce a high quality, clean and highly palatable product. We work closely with our seed suppliers to select ryegrass varieties specifically to produce haylage for our needs. The grass is grown on land that we farm in County Durham by our team of dedicated staff.

We aim to cut grass early in the morning to minimise sugar levels. This makes our haylage ideal for horses where we want to feed bulk to minimise ulcer risk, without detrimental metabolic, digestive or behavioural issues. Our bags are approximately 20kg and are highly compacted for ease of carrying, storage and use.

Overall we hope our products make for happy customers, but more importantly in our opinion, for Happy Horses.
